“A special thank you to all the candidates who took time out of their busy schedule to run in this year’s election. The two returning directors and one new director will continue to face the many challenges and seek opportunities that will benefit all soybean farmers in Nebraska,” said Victor Bohuslavsky, Nebraska Soybean Board executive director.

The elected board members will serve a three-year term beginning October 1, 2018 and ending September 30, 2021.

The nine-member Nebraska Soybean Board collects and disburses the Nebraska share of funds generated by the one half of one percent times the net sales price per bushel of soybeans sold. Nebraska soybean checkoff funds are invested in research, education, domestic and foreign markets, including new uses for soybeans and soybean products.
